HOWDEN JOINERY PROPERTIES LIMITED
DIRECTORS' REPORT

The directors have pleasure in submitting their annual report and the audited financial statements of the Company for the 53 weeks to 29 December 2012

BUSINESS REVIEW, PRINCIPAL ACTIVITIES AND DIVIDEND

The Company is a wholly owned subsidiary of Howden Joinery Group Plc and operates as part of the Howden Joinery Group Plc Group ("the Group") The Company's principal activities are owning, leasing, and managing properties on behalf of Howden Joinery Limited, a fellow Group subsidiary, for which the Company receives income from Howden Joinery Limited The directors are not aware, at the date of this report, of any likely major changes in the Company's activities in the next year

As shown in the Company's profit and loss account, the Company's profit after tax is £708,000 *(2011 £585,000)* The directors are satisfied with the progress of the business and recommend the payment of a final dividend of £2,000,000 *(2011 nil)* The balance sheet shows the Company's financial position at the end of the financial year, which the Directors consider to be satisfactory

The Group manages its operations on a Group basis For this reason, the Company's directors believe that further key performance indicators specific to the Company are not necessary or appropriate for an understanding of the development, performance or position of the business The performance of the Group, which includes this Company, is discussed in the Group's Annual Report which is available at http //www howdenjoinerygroup com/ and which does not form part of this Report

The Company, as part of the Group, recognises the importance of its environmental responsibilities, monitors its impact on the environment, and designs and implements policies to reduce any damage that might be caused by the Group's activities The Company operates in accordance with Group policies, which are described in the Group's Annual Report, which does not form part of this Report

PRINCIPAL RISKS AND UNCERTAINTIES

The Company is financed by a loan from its ultimate parent and has no third party debt It therefore has no interest rate exposure The Company has no other significant risks and uncertainties, other than those risks that it shares with the Group, given that the Company's principal activities are managing properties on behalf of other Group companies The Group's risks, and the management of those risks, are discussed in the Review of Operations and Finance in the Group's Annual Report, which does not form part of this Report

GOING CONCERN

The Company's freehold property acts as security on the Group's asset backed bank facility The security on this asset could be called upon if the Group were to breach its borrowing facility or covenants

The Group's latest forecasts and projections have been stress-tested for reasonably possible, adverse variations in trading performance and show that the Group should be able to operate within the terms of its current borrowing facility and covenants for the foreseeable future On this basis the Directors of the Company believe that the security on the facility could not be called upon

After making enquiries and taking into consideration the profitability and financial position of the Company, the directors have formed a judgement, at the time of approving the financial statements, that there is a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future, based on written commitment of financial support from its ultimate parent Company, Howden Joinery Group plc, which is legally binding For this reason the directors continue to adopt the going concern basis in preparing the financial statements

DIRECTORS

The directors of the Company who served throughout the period, were
